

Product Data Sheet

GUARDIAN UV-C 1000W

Our most powerful unit and our most energy efficient too. Patented, electrodeless microwave technology with a UV-C light output at 253.7nm of 1700 mJ/cm² @ 1M distance, this unit will irradiate large rooms in just minutes.

It is fully portable and easily moved by one person, with a built-in safety timer allowing the operator to leave the room before irradiation begins. Kills all know germs and viruses, including COVID-19.

Benefits

- 1000W = Rapid disinfection time
- Sterilise up to 150m² in just 20 minutes
- Air & surface treatment of contaminants
- 30,000 hour lamp life
- Energy-saving - 50% less than traditional UV-C

Features

- Mobile with locking castors
- Stainless Steel construction
- Electrodeless microwave technology
- CE Approved

Features

- Dental studios
- Hospital wards
- Fitness centres
- Any large areas
